Summary

Web developer keen on learning new technologies and languages. Prior to web development I worked as a math department head for a private school where I taught and managed curriculum across multiple grade levels. I also assisted in starting up Houston Barbecue Company as technical support. I have a B.S. in Aviation and business management which has given me tools to work in dynamic work environments, diverse team based projects, and maintain strong communication, critical thinking skills, and project organization.

Skills

Javascript, Python, Node.js, React, Express, Redux, PostgreSQL, Bootstrap, HTML, CSS, GitHub

Education

Digital Crafts December | 2019

Full-Stack Immersive Program

University of Wyoming | 2017-2019

Projects

Meal Planer | <https://stevelp99.github.io/Meal-Planner/> | <https://github.com/stevelp99/Meal-Planner> | Oct 2019

- 3 member development team. Primary contribution was api integration and mobile responsive styling.
- Api project where end users can dynamically load meal plans either by single day or by the week.
- Built with JavaScript, HTML and CSS.

Tweet Tweet | <https://dctweet.herokuapp.com/> | <https://github.com/stevelp99/Twitter-Clone> | Nov 2019

- 4 Member Development team. Primary contribution was database integration and express structuring.
- Web application group project that emulates a message board that contains a secure registration and login, a remote database driven messaging system.
- Built with Node.js, Express and Pug for framework, and postgresQL used for database management.

Experience

Capstone Academy Katy,TX | 2015-2017

Lead Math Instructor

Developed and implement curriculum across grades 9-12, and college prep. Taught and test students according to institution guidelines. Consulted with parents and students to develop plans to accomplish student goals. Maintain grade records and report quarterly.

Houston Barbecue Company, Lakebriar Holdings LLC, Houston, TX | 2013 – current

Technology Coordinator

Maintained company technology, including network, computer systems, POS, AV, and security systems. Budgeted, ordered, and setup equipment. Operated as IT support. Alongside these duties I managed day to day activities including customer service.
